

Incident Response Runbook

Version:	DRAFT
Author:	Mike O'Brien
Date:	2023-11-05
Status:	DRAFT - NOT APPROVED

WARNING: DO NOT USE IN PRODUCTION INCIDENTS. This is an unapproved draft.

Severity Levels

- + SEV1: Complete outage. Page on-call immediately.
- + SEV2: Partial degradation. Notify on-call within 15 min.
- + SEV3: Minor issue. Handle during business hours.

Response Steps

SEV1

1. Page on-call via PagerDuty (rotation TBD - not set up yet)
 2. Create incident channel in Slack: #inc-YYYYMMDD-brief-description
 3. Start an incident doc (template TBD)
 4. Identify and mitigate - see service-specific runbooks
- (NOTE: service runbooks don't exist yet)

Contacts

- + On-call rota: check the spreadsheet (ask Sarah for link)
- + Escalation: CTO is David Chen (mobile in password manager)
